Dakar, 01 April 2020

To the Base Teams  
To all the lay faithful of Christ  
To all Women and Men of Good Will

We, Teacher's Teams of Senegal  
In the face of the pandemic in our country,  
Invite the different Base Teams to suspend all rallying activities, in accordance with the appeals of religious and state authorities.

In addition,  
We ask each team member and, in general, each teacher, wherever he or she is, to take up the fight against the spread of this disease, by respecting the rules of hygiene recommended by the health authorities, the measures, present or future, taken by the Government (state of emergency and curfew), and by having them respected by his or her entourage.

To the administrative and health authorities,  
We reiterate our readiness to participate in the fight against Covid-19, in the forms and ways that they will be pleased to notify us.

At the same time, we encourage the populations to perpetuate the good habits imposed on us by the great offensive against Covid-19 so that, after this "nightmare", humanity can continue to live in a healthy environment and thus enjoy the wonders of nature.

Only in this way will our "Common House" be livable and we will be able to show God our gratitude for the creation that His Goodness has granted us.

We remain in prayerful union with all the communities and beg the God of Love to show His mercy to distressed humanity.  
For the Teaching Teams of Senegal

THE PRESIDENT  
Niowy Jean-Jacques Fall
